

Martin Pallante, MD

Dear Patients, Colleagues, and Friends,

After 33 years of practicing orthopaedic surgery in Muskegon and West Michigan, I am writing to share that I will be retiring in early 2026. My last day in the operating room will be December 31, 2025, and my final day seeing patients in the office will be in mid-February 2026.

It has been my great pleasure and privilege to serve the people of this community. Caring for patients and their families, and being entrusted with your health, has been the most meaningful part of my career.

I want to express my deepest gratitude to the staff at my office, Hackley Hospital, Mercy Hospital, and Muskegon Surgery Center. Your dedication, skill, and support have been invaluable, and I could not have done this work without you.

To my patients—thank you for allowing me to be part of your lives and for the trust you placed in me. To my colleagues and referring physicians—thank you for your confidence, your collaboration, and for allowing me to share in the care of your patients.

It has also been a distinct honor to serve the sports medicine community as the first fellowship-trained sports medicine physician in our region. I look back with pride on my time as team physician for the Muskegon Fury and the Muskegon Lumberjacks, and I will always treasure those experiences.

Though I am stepping away from practice, I do so with gratitude, pride, and countless memories. It has been an honor to spend my career in Muskegon, and I will always be thankful for the relationships, the trust, and the community that have shaped my life and work.

To schedule an appointment with me prior to my departure, call the office at 231.733.1326. OAM has many talented and skilled physicians to continue your care in 2026 and beyond www.oamkg.com/medical-team.

With sincere appreciation,

Martin Pallante, MD
